Ref: 4th Floor Sheridan House, Western Road, Hove – Office refurbishment

Dear Roger,

I am writing to say how pleased we are with the works that Office Profile undertook at Sheridan House and as such would be more than happy to provide a testimonial.

We originally invited three companies to tender for the works but Office Profile impressed us from the first meeting. Your low pressure sales approach, the way you listened to our original brief and the quality of the design solution you presented was far superior to any of the other suppliers at a comparable price.

This level of professionalism didn't drop once contracts were signed and the flexibility, communication and the quality of delivery that Office Profile demonstrated from that point was excellent.

From the outset I had the utmost confidence that works would be delivered on time and to specification (which indeed they were) and as a result, the whole experience was much less stressful than I imagined it would be. The project management provided by Colin Diamond in particular was absolutely first class.

We would be very happy to recommend Office Profile to anyone considering undertaking similar works and would also be happy to be contacted by anyone who would like to discuss this directly on 01273 355182.

Kind regards

Alex Colwell
Director
