

Office Profile
Making your business space work harder

SQUAWKA

One of the 3 meeting rooms at Squawka

The largest meeting room which doubled as a breakout area for the staff

SQUAWKA

Office Profile were approached by Techspace Property Group to refurbish their office area for a tenant, Squawka, and required a CAT A and CAT B fit-out, including washrooms, kitchen and breakout areas.

The area was to be fitted out with a rustic style yet modern layout with the whole area “zones” to distinguish between breakout, office and dining areas.

The client chose high quality wood flooring with a vintage wood effect which complements the warm lighting and friendly ambiance.

The kitchen was a smart black gloss which was a contrast to the wooden worktops. We also completely refurbished two washrooms for the client including decorating and high quality tiles.

Picnic bench style seating for staff to eat at, complemented by turquoise pendant lighting

- LOCATION: ALDGATE, LONDON
- VALUE: UNDISCLOSED
- FLOOR AREA: 370 SQM
- DURATION: 7 WEEKS
- STAFF NO: 50

The modern black gloss kitchen with wooden worktops

Additional breakout area for staff

Alongside the breakout area were four meeting pods, each painted in a different colour, which aids creativity and brightens up the work area. These provided separate spaces for employees to have impromptu meetings and the colours brightened up the grey and white colour scheme of the offices. There were also two more formal meeting rooms featuring pendant lighting and a mix of contemporary chairs along with a wooden conference table.
