

Office Profile

Making your business space work harder

SOUTHALL
TRAVEL

One of the meeting rooms with a wood veneer table and Hands chair

The main office space featuring the Vitra task chairs and Tecno bench desking

SOUTHALL TRAVEL

Southall Travel, an existing client, appointed Office Profile to add some flare to their flagship head office in Dover Street, London.

Situated in the highly prestigious area of Mayfair, Southall Travel were on a mission to renovate their flagship head office. They wanted the space to be functional with smart, corporate furniture. The colour scheme of gold, white and black featured throughout the office so it was important to bear that in mind when designing the space.

The client has had a good relationship with Roger Thomson, our Project Consultant, for over 15 years and as they had already used Office Profile in the past, they knew we could fulfil their requirements.

Office Profile furnished the meeting rooms with cable managed wood veneer tables and leather/chrome seating. We finished off the reception with a smart cream leather chair by Hands.

The Hands leather chairs compliment the gold and cream wallpaper

- LOCATION: MAYFAIR, LONDON
- VALUE: £85,000
- FLOOR AREA: 2,900 SQ FT
- DURATION: 2 WEEKS
- STAFF NO: 26

A circular cable managed wood veneer table surrounded by Hands chairs

Within one of the meeting rooms, we added an exquisite round Hands veneer table surrounded by chairs from the same brand.

In the main office space, we supplied ergonomic Vitra task chairs and Tecno bench desking which included built-in power modules, incorporating IT.

We feel we definitely brought the luxury of Mayfair into the Southall Travel office!
