COMMUNICATIONS

Timber slat reception feature with pendant lighting.

Double glazed black frame partitioning with yellow geometric print.

DIVERSIFIED COMMUNICATIONS

Diversified Communications appointed Office Profile to create and design a CAT B Fit-out for their new office premises in Brighton.

Diversified Communications are an international media company. As the first tenants of the new premises, it was crucial that the office is professional and workable.

The client required an open plan office and reception space, meeting rooms, teapoints and enclosed working facilities suitable for collaborative and individual work.

In the reception, timber slats with low pendant lighting were installed to create a bespoke, statement feature for the office. Another key element of the design are the plant walls and island planters. The biophilic elements add colour and decoration to the overall office space.

Across the open plan layout, geometric carpets

Geometric style carpet and lighting.

- LOCATION: BRIGHTON, EAST SUSSEX
- VALUE: £250,000
- FLOOR AREA: 8272 SQ. FT
- DURATION: 9 WEEKS
- STAFF NO: 95

Decorative planter with desk and plug point facilities.

Teapoint with white marble countertops.

were fitted along with double glazed black frame partitionings for a modern feel. This coincided with geometric wall features and unique phone booth style rooms for individual working.

In the kitchen space, vinyl flooring and a white marble finish teapoint was installed.
